ABOUT US

- Aircraftplugs, develops, tests and manufactures battery connectors, DC and AC 400 Hz. connectors and assemblies for the aeronautical industries. (Airports, Handling companies, Airlines and private users.)
- Deliveries throughout Europe and the rest of the world are prompt and right on time.
- Aircraftplugs is a Belgium based company established in 1997 and started with the mass production in 2007. We managed to increase business together with the expansion of the production facilities, warehouses and up-to-date testing facilities in a short period of time.
- We stand for top quality products, client first service and worldwide on-time deliveries.
- With over 25 years of experience in the airline industry.
- We do have a 6000 m² productions site, with state of the art CNC machinery and own testing facilities. Own molding and injection machines.
- More than 100.000 connectors in stock at all times.
- Our connectors conform to Mil Specs MS25182, MS3509, Mil-PRF-18148, Mil-E-18148, Mil-E-81099, AN2551 and MS specs.

Testimonial from Jonathan Sisk, Founder & CEO , AudioAuthority

"Our global search for the best connector for our aviation ground power units led us to AircraftPlugs. All of our efforts to provide stable, clean airframe power ultimately depends on a solid, reliable connection to the aircraft. That's why we use AircraftPlugs connectors exclusively for our GPUs... the best quality, the best value, and a reliable business partner for 8 years now."
